

Driving Experience

Before the BMW M Experience 2021, if still Corona

The Corona pandemic has changed the way we hold events. We must think carefully so that we do not expose our participants and ourselves to any risks. We follow the development of events with Corona closely. The safety of our participants and employees is of the highest priority.

We continue to drive with 16 participants, but during the rides we follow the guidelines for keeping a distance, which then results in the driver driving alone in the car.

When changing drivers, the steering wheel and dashboard are wiped off and the car is ventilated for at least 2 minutes.

During the exercises, half the group stands outside the cars.

In theory reviews, we make sure that there is 1.5 meters between the chairs.

Hand alcohol will be available in the lounge and in the toilets with several places.

The recommendations from the Swedish Public Health Agency may change and then we change our routines gradually.

Welcome with your registration.

Best regards

Åke Lindberg
